### Letter regarding photographs taken of children and used in the press or on websites/social media.

From time to time during the school year there are occasions when the children are photographed doing various school activities. These can be from doing activities in the classroom, sports activities, fancy dress, special assemblies, talent shows, PTA events etc. Sometimes photographs are published in local newspapers when special events happen in school.

We like to use photographs of our children to promote our school on the internet, social media such as Twitter/Facebook. Also outside organisations that come into school from time to time ask if the children's photograph or work can be published onto their web site.

Before photographs can be taken and published it is necessary to obtain parental consent. Rather than ask the parents of the individuals concerned it would be easier if we obtained all parents' consent.

Therefore we would be grateful if you could fill out, sign and return the enclosed parental consent slip giving permission for photographs to be taken of your child should the need arise.

This form is valid for the duration your child remains at St John's Catholic Primary School.

Your co-operation in this matter is much appreciated

I give permission for my child's image to be used for:
