

Relationship, Sex and Health Education Policy

Mission statement

In God's love we shine together

Our values

Learning, Enthusiasm,
Prayer, Confidence,
Happiness, Challenge,
Kindness, Valuing each other

At St John's we aim to...

To proclaim Jesus Christ as the centre of our school community.

"Trust in the Lord with all your heart and lean not on your own understanding; in all your ways submit to him, and he will make your paths straight." Proverbs 3:5

To be a vibrant place; where we can all feel loved, and all visitors are welcomed with warmth and respect. Recognising that everybody is created in the 'image and likeness of God.'

"Welcome one another as Christ has welcomed you, for the glory of God." Romans 15:7

To ensure each and every one of us has the opportunity to thrive; to share the 'gifts' we have been blessed with, and to achieve to our full potential in all that we do.

"I can do all this through him who gives me strength." Phillipians 4:13

To feel safe, respected, loved and valued, so we have the confidence and resilience to 'make a difference.'

"God is our refuge and strength, an ever-present help in trouble." Psalm 46:1

To be a shining light in our parish, in our community and in our world.

For where two or three are gathered in my name, there I am among them." Matthew 18:20

'I have come that you might have life and have it to the full' (Jn.10.10)

We acknowledge that Personal, Social and Health Education (PSHE) and Citizenship, as well as Relationship, Sex and Health Education (RSHE), are all underpinned by a theology of relationship and are all encompassed in the title 'Relationships and Sex Education' (RSHE).

Our belief in the unique dignity of the human person as made in the image and likeness of God underpins the approach to all education in our school. Our approach to relationship and sex education therefore is rooted in the Catholic Church's teaching of the human person and is presented positively and prudently.

Stemming from this vision of what it means to be human, we seek to educate the whole child: spiritually, intellectually, morally, emotionally, psychologically, and physically towards our understanding of Christian maturity.

Following guidance from our own Bishop and Diocese, the Conference of Bishops of England and Wales and as advocated by the DFE, all Relationship, Sex and Health Education in our school will be firmly embedded in the Religious Education framework as it is concerned primarily with nurturing the human wholeness of our pupils.

All Relationship, Sex and Health Education will be in accordance with the Church's moral teaching. It will emphasise the importance of the Sacrament of marriage and the family whilst acknowledging that all pupils have a fundamental right to have their life respected whatever household they come from and support will be provided to help pupils deal with different sets of values.

Aims of Relationship, Sex and Health Education (RSHE)

- To encourage pupils' growth in self respect, acknowledging we are all created in the image and likeness of God
- To help pupils develop an understanding that love is the central basis of relationships
- To help pupils to understand the nature of relationships and to encourage them to reflect on their own relationships and respect differences between people.
- To develop pupils' confidence in talking, listening and thinking about feelings and relationships.
- To help pupils acquire the skills necessary to develop and sustain relationships
- To offer sex education in the wider context of relationships.
- To ensure that pupils protect themselves and ask for help and support when needed.
- To ensure that pupils are prepared for puberty.
- To help pupils to develop a healthier, safer lifestyle.
- To prepare pupils to play an active role as citizens and to understand the Catholic vision of what it means to be citizens of the Kingdom/reign of God.

Delivery of Relationships, Sex and Health Education

Relationship, Sex and Health Education is taught through our life style in school and through the subjects of Religious Education, Science, PSHE and by way of a cross-curricular, integrated approach as a fundamental part of the Catholic Life of the school.

All elements of PSHE and Citizenship, whilst non-statutory at Key Stage 1 and 2, are covered. Significant aspects of Relationship and Sex Education remain part of the National Curriculum for Science. These will be taught to all pupils. *(Parents are unable to withdraw pupils from such lessons.)*

Key Stage 1 Science (5-7)

- That humans move, feed, grow, use their senses and reproduce;
- To name the main external parts of the body;
- That humans grow from babies into children and then into adults, and that adults can produce babies;
- To recognise similarities and differences between themselves and other pupils

Key Stage 2 Science (7 – 11)

- That the life processes common to humans and all animals include nutrition, growth and reproduction
- The main stages of the human life cycle.

We acknowledge that every area of school life can potentially contribute to Relationship, Sex and Health Education as the school, of its very nature operates through positive human relationships. We recognise, value and greatly appreciate the contribution made by all members of staff in deepening the quality of our Christian community.

Teachers will use their professional judgement when addressing issues in Relationship, Sex and Health Education. Careful consideration will be given to the wide and varied experience and backgrounds of the pupils in their care.

While we operate a whole school approach to Relationship, Sex and Health Education through our RSHE Programme, pupils in Year 5 will learn about the emotional and the physical changes of puberty. For this particular part of the curriculum, children will be taught together. A similar approach will operate in Year 6 when pupils will cover the life cycle and sexual intercourse.

Resources

We acknowledge that parents and carers are the key persons for children learning about Relationship, Sex and Health Education; the foremost educators. Our role and our programme simply complement their role in nurturing their children's human wholeness. However, the role of parents and our day to day interactions in school are currently supported by the following curriculum resources: Journey in Love scheme, Lancashire PSHE programme, SEAL.

Assessment Recording and Reporting

A record is kept in teacher's planning of the delivery of Relationships and Sex Education. The programme is assessed, monitored and evaluated by the co-ordinator in accordance with the school's monitoring and evaluation policy. Pupils are given the opportunity for self evaluation at an appropriate level for each year group. Reporting is made in individual pupil's reports under 'General Development'.

Outside Agencies

The expertise of outside agencies may be used appropriately *to support* but not at the expense of the school's delivery. The school is particularly thankful of the help available from local diocesan agencies and charities such as Nugent.

Curriculum Continuity

The school has an ongoing dialogue with the PSHE Co-ordinator of St John's Catholic Primary school; Relationship, Sex and Health Education, RE, Prayer and Liturgy, Spiritual, Moral and PSHE policies complement each other as appropriate.

Safeguarding Procedures

The school has procedures to deal with any sensitive issues or children thought to be vulnerable. Staff will pass on any concerns of this nature to the designated child protection officer in school.

The Governing Body

The Governing body and Foundation Governors in particular recognise their responsibility to ensure the Relationship, Sex and Health Education follows Diocesan principles and reflects the Church's teaching as outlined in "Leaning to Love" the Bishops of England and Wales document 2016.

The role of Parents

The Church has always recognised that it is the privilege and the responsibility of parents to educate and inform their children in all matters pertaining to personal growth and development particularly in the sensitive area of their moral education and sexual development. The Church also recognises that many parents require help and support in this task from both schools and parishes.

The Governing body fully subscribes to the views expressed by the Bishops' Conference and will always ensure that:

- Parents are supported in their task.
- Parents are consulted and kept informed of the Relationships and Sex Education Programme; its contents, evaluation and review and any subsequent developments.

Right of Withdrawal

It is our hope that parents would wish their children to be involved in the schools positive and prudent programme of Relationship, Sex and Health Education, following annual consultation regarding the school's approach. However, we recognise parents have the right to withdraw their children from such lessons (not included in National Curriculum Science) after discussion with the headteacher.

Monitoring and Review

This policy will be monitored annually by the Relationship, Sex and Health Education Co-ordinator and will be reviewed annually by the Governing Body. Parents will be consulted before any proposed changes.

This policy has been formally adopted by the Governing Body of St John's Catholic Primary School. It will be reviewed by the Governors and headteacher in conjunction with all the staff annually from the date below.
